Primary Care Physician: _____

Referring Physician: _____

Although your history and symptoms are very important in our analysis of your condition, it is also important for us that you understand:

- *We do not treat symptoms or diseases.*
- *Allergy is not a disease, rather a condition.*
- *A symptom is an attempt by your body to tell you something.*
- *We will attempt to find the underlying cause.*
- *We do not use drugs in this program.*
- *There is no single “healthy” diet that will work for everyone.*
- *Just because food is considered “healthy”, does not mean it is “healthy” for you.*
- *Your diet consists of everything you **eat, drink, rub on your skin, or inhale.***
- *Our procedures are safe and painless.*

Thyroid Patient Condition Survey
